

Dear Vacationers and Friends,

During these unprecedented times, we are being particularly attentive to the health, safety, and well-being of our staff, our vacationers and our community. We are continuing to monitor the available resources for accurate and up-to-date information, and we recognize the need to maintain a conscientious approach to our operations and the importance of communicating effectively with all of you (staff, vacationers and community) as this situation evolves.

The scheduled opening date for our 2020 season is May 1<sup>st</sup>. We anticipate commencing our season as planned, however, we are closely monitoring the COVID-19 situation as it continues to evolve. We have the best interest of our staff, vacationers and community at heart and plan to be limiting access to our currently registered seasonals and restricting access to all other guests when our season opens.

As more and more relevant information comes to us from our Federal, State and County governments and health authorities, we will update you accordingly. We will do our part to adhere to the guidelines provided to us by these authorities. When our season begins we are presently anticipating that we will keep our commons areas closed to further allow our vacationers to follow social distancing guidelines. We expect that they will remain closed until such time as it is deemed appropriate to reopen them.

Our thoughts and prayers are with those families and friends who have been affected by COVID-19. The well-being of our staff, vacationers, and community is our top priority. We appreciate your patience and understanding regarding this matter. We hope this virus will complete its course soon and we want you to feel confident that you will have an enjoyable, memory-making and relaxing time when you are back here at Sunset Bay.

With Our Most Sincere Regards,

*Sunset Bay Vacation Resort*
